

To all of our valued patients,

The safety of our patients and our team has always and will always be our priority.

As of today, March 18, 2020, we have decided to suspend all dental procedures except emergency treatment in accordance with the mandate from our governor, the Ohio Department of Health, and the Ohio State Dental Board until April 6, 2020.

We will individually reached out to our patients scheduled in that time frame but would like to remind each of you that you may still receive an email or text message reminding you of or asking you to confirm those appointments. Those are automated from our computer system and we ask that you disregard them and wait to hear from us to reschedule.

We understand this is a time of uncertainty and anxiety. Please understand that we will be available for dental emergencies you may have. These include, but not limited to, trauma, swelling, pain, fractured teeth. Please contact us via phone, text, email, or messenger so that we may help you.

We will also be offering teledentistry services in which you can send us photos and a description of any dental situation. We can then best try to determine the best course of action from that information. Please send those inquiries to our office phone **740-921-3570**.

We will continue to be transparent with you as this pandemic unfolds and we appreciate your continued support of our practice. We will come back from this stronger and healthier than ever before.

Check our blog and Facebook page for updates.

Be well and be safe,

The Cross Creek Dental Care Team
